KINDLE FIRE USERS – follow these instructions to load the OneClickdigital eReader app onto your device. (**Important – open this document on your Kindle Fire**)

From the home screen of your device, put your finger on the top right corner of the screen and 'swipe' down to bring up the Settings menu.

Press: More > Device > Allow installation of Applications (from unknown devices)> select "ON". It is recommended after installing the app, to update this setting back to "OFF".

Download the APK (app installer) from [here](#) (just tap this link on your Kindle Fire).

To monitor your download put your finger on the top left corner of the screen and 'swipe' down to view your current download's progress.

Once the download is complete, tap on the file and select "Install". Opening the app can either be done from the install page or by finding the OneClickdigital eReader icon on your Apps carousel under "Device".
